

Finally, a **daily supplement** that raises the bar with top-quality functional ingredients to support your best health.

Bold Beauty Collagen™

Featuring Lustriva® for hair, skin, and nail support*

Bold Beauty Collagen™ is a delicious and nutritious functional supplement bar designed to support healthy hair, skin, and nails.* This great-tasting, birthday cake-flavored bar is formulated with an oat milk white chocolate coating and a crispy protein filling. It features an impressive 7 grams of plant protein from pea protein crisp and cashew butter and 7 grams of collagen peptides. Collagen helps make skin elastic, strong, and resilient; however, production declines naturally with age. Collagen peptide intake may support healthy skin texture.*

Lustriva® is a combination of a stabilized form of silica and biotin shown in studies to have 40 times greater dissolvability and absorption than the biotin used in common beauty products.* Adequate silicon and biotin are needed for healthy hair, skin, and nails. Biotin is a B vitamin that plays a role in protein and keratin production, which impacts hair, skin, and nail growth.* Clinical studies have shown that Lustriva® promotes hair shine, resilience, and strength and healthy skin and nail texture.*

Glow From the Inside Out

Unlike other mainstream bars, Fx Bars never use hydrogenated oils or trans fats, simple sugars (e.g., sucrose, high-fructose corn syrup), artificial sweeteners, synthetic colors, or additives. Allulose is the primary sweetener in Bold Beauty Collagen™, which is found in many sweet-tasting foods like figs, maple syrup, and raisins. It has only one-tenth the calories of sucrose (table sugar) and is ideal for anyone looking to minimize sugar intake. **Finally, a convenient and nutritious supplement bar that's worth celebrating.**

Recommended Use

1 bar per day

Consult with your health-care practitioner about your specific circumstances and any questions you may have regarding this product.

Benefits & Highlights*

- Features Lustriva®, a blend of biotin and silica, and hydrolyzed collagen to promote radiant and strong hair, skin, and nails*
- 14 g protein per bar from plant proteins and collagen peptides
- Only 5 g net carbs† and 1 g total sugar per bar; sweetened primarily with allulose for minimal impact on blood sugar†
- 6 g of fiber per bar
- U.S.A manufactured in Florida from U.S. and globally sourced premium ingredients

†The Net Carbs for one bar is 5 g and is calculated by subtracting the dietary fiber (6 g) and other low glycemic carbohydrates (15 g from allulose) from the total carbohydrates (26 g). Individuals who monitor their carbohydrate intake may deduct these low glycemic carbohydrates from the "Total Carb" count due to their minimal impact on blood sugar.
