

# D-Evail™ Suite

Highly absorbable vitamin D with vitamins K1, K2, and GG

D-Evail™ is a highly absorbable form of vitamins D3, K1, K2, and geranylgeraniol (GG). The D-Evail™ Suite offers two products with varying amounts of vitamin D, depending on the clinical need. D-Evail™ Supreme contains 5,000 IU of vitamin D3 and D-Evail™ 10K contains 10,000 IU of vitamin D3. Each product in the D-Evail™ Suite contains 2,000 mcg of vitamin K and 5 mg of GG for bone health, along with medium-chain triglycerides and quillaja to support nutrient absorption and utilization.\*

Vitamin D is a fat-soluble vitamin that is needed for strong, healthy bones, cardiovascular function, and a healthy immune response.\* Evidence suggests that vitamin D3 can be more effective at raising and maintaining vitamin D levels in the body than vitamin D2. Similar to vitamin D, vitamin K is a fat-soluble vitamin that supports bones and arteries.\* Current research suggests that the combined supplementation of both vitamins D and K can be more effective than either vitamin alone for both helping maintain bone and cardiovascular health.\*

## Benefits\*

- Supports optimal bone health
- Supports healthy immune function
- Arterial elasticity and cardiovascular health

## Recommended Use

Take 1 softgel daily with food or as directed by your health-care practitioner.

**Warning:** Consult your health-care practitioner before using this product if you are taking Coumadin, warfarin or other anticoagulant medications.

## Highlights

- Vitamin D3 as cholecalciferol with clinically relevant amounts depending on need:
- D-Evail Supreme™ contains 5,000 IU of vitamin D3 to support vitamin D maintenance\*
  - D-Evail 10K™ contains 10,000 IU of vitamin D3 to promote optimal vitamin D status\*
- 1,000 mcg of vitamin K1 as phytonadione and 1,000 mcg of vitamin K2 as MK-4
- Formulated with the Evail™ emulsification technology that includes MCTs and quillaja extract for enhanced nutrition absorption and bioavailability
- No petrochemicals or synthetics
- Convenient softgel delivery
