

Oil of Oregano

Supports Intestinal Cleansing and Microbial Balance*

GASTROINTESTINAL HEALTH*

Designs for Health's Oil of Oregano is an herbal extract that supports gastrointestinal (GI) health, intestinal cleansing, and a healthy GI microbial balance.* This product contains the highest quality oil of oregano extracts to provide the benefits of the oregano plant.* Oil of Oregano delivers 60 mg of oregano oil (*Origanum vulgare*) per 1 softgel serving standardized to the active ingredients of carvacrol and thymol. Oil of Oregano may promote healthy inflammatory and antioxidant responses – dual factors that promote overall health and may help to attenuate internal stress in the body.* Due to its ability

to support intestinal cleansing, this formula may be clinically beneficial to individuals with imbalanced microbial environments in the GI tract.*

Similar to other common herbs and spices, oregano is a familiar culinary ingredient that may be clinically beneficial when its active ingredients are isolated and provided in concentrated amounts.* Oil of oregano extract has a longstanding history in botanical medicine for promoting a healthy microbial balance in the GI tract and supporting intestinal cleansing.*

Benefits*

- Supports gastrointestinal health
- Supports healthy gastrointestinal microbial balance
- Promotes healthy inflammatory responses
- Promotes healthy antioxidant responses
