

Pulmonary Revive™

Supports Respiratory Health*

CYTOKINE SUPPORT*

Pulmonary Revive™ formulation incorporates a highly potent botanical, mushroom, and nutrient blend to support lung function.* The herbs and mushrooms incorporated within this formula support a healthy immune response and a normal inflammatory response.* Supporting healthy immune and inflammatory responses may also promote normal lung function.*

Cordyceps mushrooms, Boswellia, and ginger all have a long history of use in traditional medicine, which includes the support of respiratory health.* Cordyceps, bromelain, Boswellia, and ginger have been shown to promote a healthy inflammatory response and support the body's antioxidant status.* N-acetyl-cysteine (NAC) also supports the body's antioxidant status,* especially through its action as a precursor for the creation of glutathione, an important antioxidant in the body. NAC and bromelain have been shown to support the thinning of mucus.*

Benefits*

- Supports healthy lung function
- Supports normal immune function
- Supports a healthy inflammatory response

Recommended Use

Take 2 capsules twice a day or as directed by your health-care practitioner.

Memophenol™ is a trademark of ACTIV'INSIDE.

NooGandha® is a registered trademark of Specnova, LLC.
