JUST THE FACTS:

Compare supplement facts to the leading brands

- Citrus and Guarana Extracts (Sinetrol® XPur-C)**
 Plant compounds derived from grapefruit, orange, and guarana have been shown to promote accelerated body fat metabolism and healthy body weight through their ability to support antioxidative status and a healthy inflammatory response*
- Yeast Hydrolysate (DNF-10®)**
 Peptides derived from the yeast *Saccharomyces cerevisiae* have been shown to positively influence normal hormone signaling associated with satiety and appetite regulation, resulting in healthy fat loss*
