

UT Intensive™ Chewables

Healthy Urinary Tract Support*

URINARY HEALTH*

UT Intensive™ Chewables are designed to help maintain optimal urinary tract health and function.* This formula contains 500 mg of whole fruit cranberry extract and 2 g of D-mannose to promote a healthy inflammatory response in the urinary tract tissues and to help support the body's natural immune response in the urinary tract.* UT Intensive™ Chewables are tasty, orange-flavored, chewable tablets that do not contain artificial sweeteners or colorings.

Cranberry (*Vaccinium macrocarpon*) is one of the most widely studied and traditional remedies for supporting urinary tract health.* Unlike cranberry juice or individually isolated cranberry products, the cranberry extract in the UT Intensive™ Chewables is made from the whole fruit (juice, skin, flesh, and seeds). It contains the full complement of phytochemicals and health-promoting

constituents shown to promote healthy urinary tract function.* The whole fruit cranberry extract in one serving of UT Intensive™ Chewables can be compared to approximately 1.5 cups of fresh/frozen cranberries, 1 oz. of sweetened dried cranberries, or 10 oz. of 27% cranberry juice cocktail.

D-mannose is a type of sugar found in fruits and vegetables such as cranberries, apples, grapes, currants, and blueberries. D-mannose is structurally similar to certain receptors in the urinary tract and may help promote a healthy microbial environment in the urinary tract.* Although D-mannose is a sugar, it is eliminated intact from the body and is not metabolized.* Thus, D-mannose does not interfere with blood sugar regulation.*

Benefits*

- Supports optimal urinary tract health and function
- Promotes a healthy inflammatory response in the urinary tract
- Supports a healthy microbial environment within the urinary tract

Recommended Use

Chew 2 tablets per day or as directed by your health-care practitioner.

Highlights

- 500 mg of cranberry (*Vaccinium macrocarpon*) (fruit) per 2-tablet serving
- 2 g of D-mannose per 2-tablet serving
- Convenient chewable tablet delivery
- Tasty, orange-flavored tablets
- Gluten-free, dairy-free, and soy-free
- Non-GMO
