

UT Synergy™

Healthy Urinary Tract Support*

URINARY HEALTH*

UT Synergy™ is a synergistic blend of nutrients and botanicals specifically designed to help maintain optimal urinary tract health and function.* This comprehensive formula features D-mannose, along with hibiscus, bearberry, nettle, horsetail, aloe vera, and parsley extracts standardized to meet targeted amounts of bioactive ingredients. UT Synergy™ provides an alternative for promoting a healthy inflammatory response in urinary tract tissues and supporting the body's natural immune response in the urinary tract.*

D-mannose is a simple sugar found in many fruits, vegetables, and plants; it is one of the active components in cranberry, which has been used extensively to support urinary tract health.* Extracts from *Hibiscus sabdariffa*

contain high concentrations of organic acids and polyphenols, particularly flavonoids and proanthocyanidins that help promote antioxidant status and healthy microbial balance in the urinary tract.* Bearberry (*Uva ursi*) extract and nettles have traditionally been used for their mild diuretic properties and contain bioactive compounds that may help support a healthy microbial environment and inflammatory response in the urinary tract.* Horsetail extract and parsley are shown to support the body's natural immune response and help promote a healthy inflammatory response in the lower urinary tract.* Widely known for its soothing properties, aloe vera may help soothe the lining of the urinary tract.*

Benefits*

- Supports optimal urinary tract health and function
- Promotes a healthy inflammatory response in the urinary tract
- Supports a healthy microbial environment within the urinary tract

Recommended Use

Take 2 capsules per day with a meal or as directed by your health-care practitioner.
