

Vascanox HP®

Nitric Oxide Support*

CD VSC060 | 60 vegetarian capsules

Our blood vessels' health relies heavily on a small molecule called nitric oxide (NO). NO orchestrates the smooth and healthy flow of blood, which allows the efficient transport of nutrients and oxygen and helps remove unwanted waste products. Unfortunately, NO status can diminish with age or by not eating enough leafy greens or beets.

Vascanox HP® helps promote sustained NO production, ensuring your blood vessels stay healthy, your blood pressure remains steady, and your cardiovascular system thrives.*

CARDIOVASCULAR HEALTH*

Promotes nitric oxide production*

Supports cardiovascular health*

Helps maintain healthy blood pressure*

Promotes healthy blood flow and circulation*

Supports antioxidant status*
