

Vessel Forte™

Healthy Vessel Support*

CARDIOVASCULAR HEALTH*

Vessel Forte™ is a synergistic combination of botanical extracts designed to support the cardiovascular system and blood vessel health.* The cardiovascular system consists of the heart and blood vessels, arteries, veins, and capillaries.

Blood vessels are necessary to deliver oxygen and nutrients to every cell of the body and to remove any waste products (such as carbon dioxide) from the tissues. Blood vessels can be compared to a one-way highway without any hindrances, as blood vessel function is similar and most efficient under optimal conditions. Ideally, healthy blood vessels are like the lanes of the highway that stay open without any traffic jams or accidents. Healthy blood flow promotes blood vessel strength, integrity, and elasticity. Contributing factors to dysfunctional vessels can be poor diet, lack of exercise, prolonged sitting or standing, obesity, or high blood pressure.

Vessel Forte™ is formulated to support healthy blood vessels, blood flow, and inflammatory responses.*

Vessel Forte™ features diosmin, a compound naturally occurring in citrus rinds that is isolated from sweet oranges. Diosmin may help support vessels from the effects of oxidative stress supporting healthy inflammatory responses and healthy vessel tone and circulation.*

Vessel Forte™ includes the ingredients of gotu kola, grape seed, and horse chestnut extracts that work synergistically to promote antioxidant status in the body and support blood vessel function and strength.* This product also includes quercetin, which belongs to a group of plants called flavonoids that have antioxidant properties found abundantly in red onions, capers, and leafy greens. Quercetin helps maintain healthy blood vessels and may promote normal blood flow.* Vitamin C is included in this product as a potent antioxidant necessary for collagen production.* Collagen is a critical structural compound that supports blood vessel strength and integrity.*

Benefits*

- Supports blood vessel health, strength, and elasticity
- Supports healthy blood flow
- Supports cardiovascular health
- Promotes healthy inflammatory responses

Recommended Use

Take 4 capsules per day or as directed by your health-care practitioner.

Highlights

- Features a synergistic combination of botanical extracts to promote blood vessel health with diosmin (from sweet oranges), gotu kola, horse chestnut, and grape seed extract
- Contains 300 mg of quercetin per serving
- Includes 1,000 mg of vitamin C (as ascorbic acid) per serving
- Gluten-free, dairy-free, and soy-free
- Non-GMO
